

3D Auto MV eLearning

3D Auto MV is Philips first automated application for valvular evaluation. This course will describe the clinical use and workflow of the 3D Auto MV tool.

The 3D Auto MV eLearning module will:

- Describe the benefits of 3D Auto MV
- Describe acquisition best practices for 3D Auto MV
- Describe mitral valve assessment using 3D Auto MV

This course is intended for customers who wish to acquire knowledge and skill in utilizing the 3D Auto MV Tool.

This ASRT-accredited module is a self-paced tutorial consisting of enlightening content and colorful images.
