

PHILIPS

Clinical Education

Philips Ultrasound Report Template Editor

Our goal at Philips Healthcare is to provide the clinical education you need to make the most of your equipment investment.

This tutorial discusses the Philips Report Template Editor application. The module allows you to explore the features and functionality of the application such as; Template Creation, Copying and Editing Report Templates, and Saving, Exporting and Importing Report Templates.

Upon completion of this module, you will be able to:

- Explain report template creation process
- Identify key new features
- Create customized templates for customers

There are no prerequisites for this course. This course is intended for customers who have purchased the EPIQ or Affiniti Ultrasound systems.
